## **LEGGETT & PLATT INTERNATIONAL BEDDING TO SHOWCASE A BREADTH OF PRODUCTS AND CAPABILITIES AT INTERZUM 2025**

COLOGNE, GERMANY, May 20, 2025 – Leggett & Platt International Bedding, a division of Leggett & Platt, will be present at Interzum 2025, May 20-23, showcasing a broad assortment of innovative products and capabilities. Attendees will have the chance to view and receive vital intel regarding:

**ActivEdge®** – Spring perimeter solutions that create a durable, dynamic edge for superior support and comfort and improve performance consistency across the entire mattress.

**NanoCoil®** – A versatile, responsive, low-profile innerspring comfort layer that is designed to boost coil count, resist sagging and settlement, and deliver consistency and comfort.

**Jo3y®** – The next evolution of the revolutionary innerspring system design that incorporates an advanced coil-within-a-coil setup to respond to individual body weights, shapes, and sleep patterns.

**Variable-Rate Smart Coils** – Latest iterations that provide initial softness and an immediate feeling of comfort, followed by responsive support as the intricately designed spring geometry is engaged.

**Multi-Layer Anatomic Zoning** – Further enhancements to anatomic zoning that achieve a superior level of precise comfort not possible with firmer, single-layer, high-coil-count units.

**CombiCore™** – Innerspring units engineered with breakthrough comfort technology to add layers to individual split-top pockets – providing upholstery-ready cores with enhanced airflow, motion isolation, and comfort.

**Fusion™** – Kayfoam® specialty foams infused with temperature-regulating additives, such as gel, graphene, and copper, proven to release excess heat quickly and enhance thermal management.

For an up-close look at the products and more, visit Leggett & Platt International Bedding at Interzum 2025, Hall 9.1, Stand C010/D011.
