**SPÜHL TO SHOWCASE ADVANCED MACHINERY MANUFACTURING
AND VAST TECHNICAL KNOWLEDGE AT INTERZUM 2025**

COLOGNE, GERMANY, May 20, 2025 – Spühl, a division of Leggett & Platt, will take part in Interzum 2025, May 20-23, showcasing innovative machine-manufacturing capabilities and extensive, technical industry knowledge.

As a leading provider of wire-forming machines and services to the bedding industry, Spühl and its sales representatives will be present to discuss the superior support it provides. Additionally, those visiting the show stand will receive an up-close look at the FPC-120 Wire-Forming Machine.

FPC-120 – Produces continuous strings of pocket springs utilizing an extensive working range and electronic coiling device. It is divided into wire and fabric sections, simplifies fabric-roll changes, and suitable for fabric rolls up to 1200 mm. The FPC-120 also includes a touchscreen panel with user-friendly software to offer faster, more efficient product changes.

For additional information regarding FPC-120 and other machines or services, visit Spühl at Interzum 2025, Hall 9.1, Stand B020/C021.

About Leggett & Platt

Leggett & Platt (NYSE: LEG) is a diversified manufacturer that designs and produces a broad variety of engineered components and products that can be found in many homes and automobiles. The 142-year-old Company is a leading supplier of bedding components and private label finished goods; automotive seat comfort and convenience systems; home and work furniture components; geo components; flooring underlayment; hydraulic cylinders for material handling and heavy construction applications; and aerospace tubing and fabricated assemblies.
